
Note:
1. Material requirement: TPU.
2. Unspecified tolerance value should follow data in tolerance table.
3. No burrs, dots or deformation on the surface.
4. No chipping, deformation or other defects on the fingerprint hole.
5. No burrs, dots or deformation around the USB hole.
6. Size for component configuration, function and assembly inspection.
7、Surface treatment should satisfy ID CMF.
8、Quality of Raw material have to meet the requirement of RoHs and Reach;
